OVERVIEW

Fujian Medical University is one of the best universities located in Fuzhou, Fujian, China for studying medicine. Fujian Medical University was founded in 1937. Fujian Medical University in China focused on shaping the outstanding talents of its students and promoting scientific, technological, and advanced culture. The University offers international MBBS for the students who are looking for studying medicine abroad at a low cost. Total course duration is 6 years including a one-year compulsory internship. Fujian Medical University has started recruiting international students since 1995. Overseas Education College of FMU was established in July 2008. In 2009, FMU was approved by the Ministry of Education to enroll MBBS students. In 2011, after passing the assessment of the Ministry of Education, FMU became one of the universities that are entitled to enroll CSC Scholarship students.

INFRASTRUCTRE

Fujian Medical University consists of two main campuses, covering over 876,710 square meters. Currently, the University consists of 17 college and departments, 22 undergraduate majors (aspects), 22 doctor-degree locations and 59 master-degree locations. The University has more than 12800 undergraduate students, 250 Ph.D., 2800 graduates and 4900 of its students who are engaged in the field of adult education. The University offers 4 national level specialties, 3 teaching achievement awards and 2 demonstration centers for experimental teaching. The University has 8 affiliated hospitals, 24 teaching hospitals (including 2 clinical colleges) and more than 20 professional teaching bases. A flawless net of clinical teaching and practical teaching base has been formed.

Spacious and comfortable dormitories are provided with all modern amenities. Hygienically prepared nutritious food is also available within the campus.
